Summary

Depicts National Forest System lands with management or use limits placed on them by legal authority above the Agency level (e.g. Congress and/or President).

Description

A boundary of an area designation within which National Forest System land parcels have management or use limits placed on them by legal authority above the Agency level (e.g. Congress and/or President). Areas that have been designated by Congress, Executive Order, Presidential Proclamation, or an Executive branch Department, excluding National Wilderness and National Wild and Scenic Rivers, with related details including the date of designation, status of the final boundary description, authority, and land status case and document information. Each area designation is characterized by a date, boundary status, and authority and may be just one of several designations that comprise a single national designated area.
